		radar guns. Other features include DigiView® Text Display, an 8-point electronic compass, and much more.	≥100:	$61
		Specifications:	≥500:	$57
		Feature: — Benefit		
		System Ready Prompt: — Notifies the user that the radar detector has correctly completed a self-test and is ready.		
		Spectre I Undetectable: — Provides complete immunity to Spectre I radar detector-detectors.		
		15-Band Detection: — Detects 7 radar, 6 laser and 2 safety signals. Radar signals include X Band, K Band, Ka Superwide, Ku Band, VG-2, Spectre I and Spectre IV+. Laser signals include LTI 20-20, Ultra Lyte, ProLaser, ProLaser III, Stalker LIDAR and Speedlaser. Safety signals include Safety Alert® and Strobe Alert®.		
		Spectre Alert? I/IV+: — Alerts user when they are under surveillance of Spectre I/IV+ radar detector-detectors.		
		IntelliMute® Pro: — Relative speed sensing auto shutdown feature will render your detector undetectable by currently available radar detector-detectors.		
		VG-2 Undetectable: — Provides complete immunity to VG-2 radar detector-detectors.		
		Ultra Performance: — Ultra performance digital radar-laser detector with extra detection range for advance warning.		
		DigiView®Data Display: — Provides easily recognizable digital text display.		
		POP Mode Radar Gun Detection: — Detects the latest POP Mode Radar Gun (Super-fast Instant-On Mode)		
		Ku Band Detection: — Detects Ku Band Radar Gun currently being used in Europe. Be prepared for future introduction in the U.S.		
		LaserEye®: — Provides 360-degree detection of laser signals.		
		VG-2 Alert®: — Alerts the user when they are under surveillance of VG-2 radar detector-detectors.		
		Strobe Alert®: — A Cobra exclusive, works with tens of thousands of emergency vehicles currently equipped with traffic light controlling strobe emitters. Provides advance warning of the presence and/or approach of emergency vehicles		
		Safety Alert®: — Warns drivers of the presence and/or approaching emergency vehicles, railroad crossing, and road hazard locations equipped with Cobra's exclusive Safety Alert® transmitters.		
		Auto Mute: — Automatically mutes the alert tone for enhanced driver convenience.		
		IntelliMute®: — Relative-speed-sensing Auto Mute system that virtually elminates false alerts.		
		IntelliShield® False Signal Rejection: — 3-Level City Mode offers the best false signal rejection in both urban and rural areas.		
		Digital Signal Strength Meter: — Provides the driver with relative proximity to the target using 5-level digital signal strength meter.		
		SmartPower: — Automatically shuts off power to the unit when ignition is turned off.		
		City/Highway Modes: — Allows the user to select operating mode, reducing the frequency of falsing in densely polulated urban areas.		
		Dim Mode: — Allows the user to dim the radar detector display enhancing night driving visibility.		
		EasySet® Programming Menu: — User-friendly mode selection/setting with visual guidance.		
		Stay Set Electronic Memory: — Electronically remembers radar detector settings for an indefinite period of time even with the power removed.		
		8-Point Electronic Compass: — Automatically provides an accurate electronic direction heading.		
		Includes:		
		A: — Windshield Bracket		
		B: — Power Cord		
		C: — Instruction manual		
		Item Condition: — Brand new sealed in original packaging.

		Furthermore, band detected by band identification icons can be easily recognized thanks to the UltraBright ,Data Display of this Cobra	≥100:	$48
		radar detector. No more irritating false alerts,as this 14 Band laser detector employs IntelliMute technology that will eliminate it all.	≥500:	$46
		Plus, the Auto Mute function of the Cobra XRS-9345 automatically mutes the alert tone, thereby enhancing your driving convenience.		

Key Features:

Detection Mode:	City / Highway modes
Detection Bands:	K Band, Ka Band, Ka Super Wideband, Ku Band, Laser, X Band
Detection Area:	Front / Rear

Miscellaneous:

VG-2/VG-3 Alert:	VG-2 Alert
Mute:	With Mute
Product Size:	11.5*7*3CM

Early Warning EW-707

22 FREQUENCY RADAR/ LASER DETECTOR WITH VOICE ALERTS!

		Price/USD	
EW-707	1:The Early Warning® EW-707 Digital Radar/Laser Detector provides superior protection, outstanding range, travel information and many other convenient features you will love.	Sample:	$70
	2:The EW-707 detects 22 different frequencies at long range and identifies the signals quickly and easily.	≥10:	$68
	3:The EW-707 uses voice alert to notify you if any of the 11 Radar, 7 Laser, and 2 safety Alert Signal Frequencies are in use in your vicinity, and its 360-degree laser coverage and POP instant-on radar alerts provide additional safeguards.	≥50:	$65
	4:The EW-707 also detects safety alert transmitters to indicate when emergency vehicles, trains, road hazards, school buses and other safety or emergency vehicles are approaching	≥100:	$63
	5:The EW-707 also provides total immunity to VG-2, Spectre I, II, III, and Spectre IV radar detector detection devices and gives you a heads-up when they're in use nearby too.	≥500:	$60
	6:The EW-707 features city/highway modes to reduce false alarms in densely populated areas and its intelligent muting keeps false audio alerts to a minimum.		
	7:The EW-707 will power off automatically to save the battery when you turn your car off, and the built-in memory remembers your settings for an indefinite amount of time without power.		
	8:The EW-707 also detects Ku frequency which was recently approved for use in the United States		
	9:The EW-707 features alerts to "fasten seatbelt" when powered on and voice alerts for each frequency!		
	10:So get the Early Warning EW-707 Radar/Laser Detector for superb accuracy and dependability and you'll be prepared for just about anything on the road.
